Reasons for Euthanasia

LHAS looks at every animal as an individual and not a number and determines a treatment or rehabilitation plan. We only euthanize animals that are dangerous or suffering, and only after we have exhausted all other humane and responsible options. We do not euthanize for space and there are no time limits on the animals in our care.

Note: We have attempted to make this report as easy to understand as possible, but if you have any questions please contact us at info@loving-hearts.net.

¹ Animals transferred in are fostered as part of a transfer and relocation program with the City of Jasper Animal Shelter.

² Animals transferred out are program fosters relocated to the Buffalo Underdogs Rescue in New York, Rags to Riches Rescue in Pennsylvania, and/or other no-kill rescue and sanctuary partners.

³ The percentage of adoptions vs intakes rated includes fosters transferred in and out to another rescue shelter.
